Handmade In Ireland

Pocket Squares For Men

Pocket Squares

Are men's handkerchiefs made from the finest Irish Linen and are permanently pre-folded so they are always ready for use. They are adjustable to your specific pocket depth and are available in a variety of colors to coordinate with any suit, blazer or sport coat and for any occasion.

Pocket Squares in their current form have been around for more than 400 years. Handkerchiefs have been around much longer though, even pre-dating the Roman Empire. They were originally used by priests to wipe their hands and mouths during services. Pocket-handkerchiefs were originally conceived in Italy and quickly spread across Europe as a must-have accessory for the wealthy men of the time. Learn more about the history of pocket squares.

Today, pocket squares are worn by well-dressed men all over the world. They are a must have accessory for a blazer or suit and fit perfectly (and were designed for) the breast pockets. There are many brands of pocket squares, however, typically they are sold unfolded and can take a long time to carefully fold, starch and iron to the perfect position. With pre-folded pocket squares made from the finest Irish linen, you will never have to worry about your handkerchief coming unfolded or not having time to prepare it beforehand. More information about our pocket squares.

Hudson Pocket Squares

Hudson Pocket Squares would like to wish all of our customers a Merry Christmas! As a thank you this holiday season, we would like to offer you a great deal on your next order.

During the month of December you can score FREE pocket squares. When you order any six pocket squares, receive the 7th one free. If you order 12 pocket squares, we will give you two free. We are also giving you free shipping!

To order 12 products and receive two free, simply add 14 pocket squares to your cart and upon checkout, enter coupon code KKH2 and then select the free shipping option.

Pocket Squares in their current form have been around for more than 400 years. Handkerchiefs have been around much longer though, even pre-dating the Roman Empire. They were originally used by priests to wipe their hands and mouths during services.

The Bundle of 12 Best-Selling Pocket Squares

Our fine men's pocket squares are pre-folded for convenience, ease and great looks. These fine handkerchiefs are produced from European flax that is made into linen fabric in Ireland. Due to its stiffness, linen retains its quality throughout the day. These exquisite pocket squares are made from a full hand rolled Irish linen handkerchief, hand-pressed and permanently folded on an offset so that they fit quickly and neatly into the coat pocket. When wearing silk or silk-blend neckwear, the first choice and best combination is a linen pocket square. It allows for a refined and relaxed look of elegance and can even be worn with a blazer or sport jacket without a tie. These pocket squares can be worn many times without care. To wash: Hand wash in cold water and a delicate hand wash detergent. Blot with a towel and let air dry.
